Sir,

I have the honor to inform you that I reported to the Dewan that the water arrangements at Government House. Mysore are very unsatisfactory

Although as suggested by you I had constructed a custern large enough to contain a days supply I was unable to fill it.

Moreover during the Princes visit (except for drinking purposes) the water was not only insufficient for the garden, but also for the horses which had to be taken to Wellington Lodge to be watered.

The Dewan recognising that of the present state of affairs

continues

Continues, it will be impossible
for Mountain Government House
Compound to be in proper order.-
I am directed me to address
you and get the needful done in
view of the approaching Birthday
of His Highness the Maharaja.

Will you kindly therefore
give this matter your best attention,
and let me know for the information
of the Diwan the steps you are
taking
